

1 **52193/DRK/R625**

WHAT IS CLAIMED IS:

1. Snap away musical instrument picks, comprising:

5 a sheet of material with at least one musical instrument
pick formed therein by at least one cut line around a portion
of the pick, with at least one uncut area around the at least
one pick defining a web joining the at least one musical
10 instrument pick to a card body outside of the at least one cut
line, wherein the pick can be detached from the card body by
severing the webs.

15 2. The snap away musical instrument pick of claim 1, wherein
the sheet of flat material comprises generally rigid plastic
sheet material.

20 3. The snap away musical instrument pick of claim 1,
wherein the cut lines are formed by die cutting.

25 4. The snap away musical instrument pick of claim 1, wherein
the sheet of flat material is sized to carry between three and
five picks.

30 5. The snap away musical instrument pick of claim 1, wherein
the plurality of picks on a sheet have the same size and
shape.

35 6. The snap away musical instrument pick of claim 1, wherein
the plurality of picks on a sheet are different in at least
one of size and shape.

1 **52193/DRK/R625**

7. The snap away musical instrument pick of claim 1, further
comprising an aperture for carrying the card body on another
5 structure.

8. The snap away musical instrument pick of claim 7, wherein
the aperture is one of preformed on the card body and
comprises a break-away section that can be readily removed to
10 expose the aperture when desired by the user.

9. The snap away musical instrument pick of claim 1, wherein
each pick is attached to the card body by a single web.
15

10. The snap away musical instrument pick of claim 1, wherein
the card body is elongate and carries a plurality of picks in
a single line.

11. The snap away musical instrument pick of claim 1, wherein
the sheet of flat material is selected from the group
consisting of plastic sheet material, shell, bone, metal and
20 paper.

12. The snap away musical instrument pick of claim 1, wherein
the sheet of material is flat.

13. The snap away musical instrument pick of claim 1, wherein
the picks bear graphical images.

14. Snap away musical instrument picks, comprising:
a sheet of material with a plurality of musical
35 instrument picks formed therein, with each pick being formed

1 **52193/DRK/R625**

by at least one gap line defining a perimeter of the pick,
with at least one uncut web bridging between each pick and a
5 card body outside of the at least one cut line, wherein the
pick can be detached from the card body if desired by severing
the at least one web.

10 15. The snap away musical instrument pick of claim 14,
wherein the sheet of flat material comprises generally rigid
plastic sheet material.

15 16. The snap away musical instrument pick of claim 14,
wherein the at least one gap line is formed by die cutting.

20 17. The snap away musical instrument pick of claim 14,
further comprising an aperture for carrying the card body on
another structure.

25 18. The snap away musical instrument pick of claim 14,
wherein each pick is attached to the card body by a single
web.

30 19. The snap away musical instrument pick of claim 14,
wherein the card body is elongate and carries a plurality of
picks in a single line.

20. The snap away musical instrument pick of claim 14,
wherein the sheet of material is flat.

35
